Graphic Controls Well Logging Papers

See The **VIVID** Difference

With over 60 years of supplying the Petroleum and Natural Gas industries, Graphic Controls knows what it takes to meet the rugged demands of our customers in the field.
Graphic Controls Well Logging papers maximize the performance of your well logging printer.
Our brighter papers provide better contrast and a vivid image thats easier to read and interpret.

- Fanfold, fanfold on roll, and roll products available
- Precision Perforation Technology for cleaner tearaway
- Brighter paper for better contrast
- Products to fit iSys, Printrex, Neuralog, Canon, Hewlett Packard, Well Green Tech and other popular printers

The Best Images Are **VIVID**

LASER WELL LOGGING PAPERS
